Since we did not have a quorum, we did not vote on the January minutes or make any other decisions. Emily and David had to attend a Conservation Commission meeting at the same time.

We touched on some of the ongoing committee agenda items, such as a reminder about completing the Ethics online course and updates on our CPA grant, now revised to \$35,000 with support from the CPA committee.

We reviewed some of the upcoming events, such as EcoFest and the statewide Open Space Conference and Mass Land Trust Conference (all of which were subsequently cancelled due to the Coronavirus pandemic).

Elisabeth reported that Envision Arlington will be doing cross-tabulations on the open space questions in the Annual Survey to help us understand the results for use in the next Open Space Plan.

Meeting adjourned at 8:15 PM.
